LEADERSHIP EXPERIENCE

I served as the President of Tom Mboya Boys High School and many more leadership positions both in primary and Secondary School. Currently, I am the team leader in the field of Web Development in Murang'a University of Technology Technology Club (MUT Tech Club)

INTERESTS AND SKILLS

The core skills include:

- Web Development
- Data Analysis, Statistical Operations and Visualization
- Network Design and Management
- Microsoft 365 Office
- Cybersecurity Practices
- System Analysis and Design
- Software Development, Testing & Maintenance

ADDITIONAL SKILLS

- Mobile Application Development
- Programming (JAVASCRIPT, PHP, C++, Visual Basic, C)
- Team Work and Research
- Communication and Observation
- Team Organization
- Problem Solving and Collaboration

Following the wide area covered in the field of study, I am in the pursuit of learning more programming languages such as, Java, Python and their related frameworks including Javascript, C#, Full-stack Development and Ethical Hacking.

ACHIEVEMENTS & PROJECTS

I have attained the following achievements to improve on skills and evaluation on different learning platforms:

- Certified by KESAP RESEARCH CENTRE – Statistical Operations (SPSS&STATA)
- Certified by DataBurn Digital Firm – Computer Packages
- Certified by Cisco Networking Academy in the following fields;
 - Data Science
 - Data Analytics
 - Cybersecurity
 - Networking courses
- Certified by Wildlearner in HTML, CSS, JAVASCRIPT courses

I have also been learning on other platforms like w3schools and Odin Project. I have lots of projects that are under construction. My projects will soon be available via my github repository: <https://github.com/TundaBoy/TUNDA.git>

HOBBIES

- Socializing
- Reading
- Watching Football & sports
